- What is the Lone Star Academy?

The Lone Star Academy is a NEW year-round educational series that provides online courses in the seven key areas of Habitat services. These courses are broken up into seven six-week semesters. Each semester has an overarching theme that focuses on one of the key areas of service. Courses are available in both a live and on-demand format. Through this series, Habitat for Humanity Texas hopes to educate affiliates about nonprofit best practices and latest information to better serve our communities.
